EXPERIENCE

codeCampus

Lead Instructor

Santa Ana, CA

Aug 2026 – Present

- Lead **STEAM** lessons for grades **K–8** at partner schools using a proprietary curriculum
- Deliver computer science education at partner school sites across **Santa Ana**
- Completed **codeCampus**'s paid professional development training program

Google

Software Engineering Intern

Kirkland, WA

2022

- Architected and shipped production features for **Google Dataplex** UI platform using **Angular** and **RxJS**
- Engineered a reactive state configuration system, eliminating manual environment setups
- Implemented comprehensive design docs, test coverage, and **CI/CD pipelines** for critical UI components
- Drove technical design reviews and delivered impact presentations to senior engineers

Google

Student Training in Engineering Program (STEP) Intern

Cambridge, MA

2021

- Owned full-stack development of critical **Hotel Center** promotions dashboard using **Java** and **Angular**
- Optimized **BigTable** access patterns and refactored legacy **C++** services for **2x throughput**
- Designed and implemented **RESTful APIs** to streamline data flow between services
- Spearheaded cross-team quality initiatives and drove successful **production deployment**

PROJECTS

Wazoo | Founder, Open-Source AI Knowledgebase

2024 – Present

- Building **Worlds**, a neuro-symbolic memory layer giving AI agents long-term memory via vector search, keyword search, and **SPARQL**
- Developing **World Models as a Service**, a deterministic real-time semantic map for AI agents to navigate
- Architected full-stack **Next.js** platform with **Discord community of 60+ members** across early adopters and contributors

Deno Blocks | Visual Programming Platform, Deno Subhosting Hackathon Overall Winner

2024

- Pioneered no-code **TypeScript** deployment platform using **Fresh** framework and **Deno Subhosting**
- Architected scalable user authentication and persistent storage using **GitHub OAuth** and **Deno KV**
- Recognized by Node.js creator **Ryan Dahl** for technical innovation and developer experience

EDUCATION

California State University, Fullerton

Bachelor of Science in Computer Science

Fullerton, CA

2025

Association for Computing Machinery (ACM), CSU Fullerton

Vice President and Open Source President

Fullerton, CA

2024

- Founded **ACM Open Source**, a student division focused on software engineering, scaling to **100+ contributors**
- Directed weekly workshops and semester-long project teams building core club infrastructure
- Established professional engineering culture (**Git**, **Code Reviews**, **CI/CD**) across **20+ open-source tools**
- Served as **Head of Technology** for FullyHacks, architecting the **Next.js** platform
